Introduction

The Trust recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the institution. Records provide evidence for protecting the legal rights and interests of the trust and provide evidence for demonstrating performance and accountability.

This policy and records retention schedule has been developed based on guidance provided by the Information and Records Management Society (IRMS)

Scope

This policy applies to all records created, received or maintained by permanent and temporary staff of the trust in the course of carrying out its functions. *This also applies to any agents, contractors, consultants or third parties acting on behalf of the trust.*

Records are defined as all those documents which facilitate the business carried out by the trust and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronic format.

Responsibilities

The governing body of a trust has a statutory responsibility to maintain the records and record keeping systems in accordance with the regulatory environment specific to the trust. The responsibility is usually delegated to the headteacher of each school.

The person responsible for day-to-day operational management in schools will give guidance on good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and in a timely way. They will also monitor compliance with this policy by surveying at least annually to check if records are stored securely and can be accessed appropriately.

Information will be managed in line with the Records Retention Schedule. This will help to ensure that it can meet Freedom of Information requests and respond to requests to access personal data under data protection legislation (Subject Access Requests).

Individual staff and employees must ensure, with respect to records for which they are responsible, that they:

- Manage the school's records consistently in accordance with the trust's policies and procedures;
- Properly document their actions and decisions;
- Hold personal information securely;
- Only share personal information appropriately and do not disclose it to any unauthorised third party;
- Dispose of records securely in accordance with the trust's Records Retention Schedule.
- Information will be assessed and when it is no longer required, necessary or is to be destroyed or deleted in line with the retention schedule.
- The security of data and appropriate measures will be implemented to protect breach, loss or unauthorised sharing of the information.

Review

This policy will be reviewed annually to ensure it remains up to date with legal requirements, best practices, and operational needs.
