

# Science

St Joseph's Catholic Primary are pleased to introduce their new Science Ambassador team. Each class has put forward a member of their class who

## The Role of the Science Ambassador

- To share a love of science with their class.
- To link with Mrs Ashton the subject leader
- To think and develop creative ways to promote science across the school.
- To look for ways for pupils to develop their understanding of science beyond the classroom.
- To give the pupils in their class a voice and help them to share their ideas.

## Meet the Team

|  |  |
|--|--|
|  | <p><u>Jasper- Representing Donaldson</u></p> <p>"I like planting."</p>   |
|  | <p><u>Billy &amp; Kellan – Representing Dahl</u></p> <p>Billy: "I love how I get to explore things in Science, like bugs, it inspires me to learn more.</p> <p>Kellan: "I have had Headteachers Award for my hard work in Science. I really enjoy investigating."</p>  |
|  | <p><u>Emily A &amp; Leilah - Representing Rowling</u></p> <p>Emily enjoys learning about new things in Science, especially about animals and other living things.</p> <p>Leilah said Science interests her because she likes experiments and practical things. She enjoys investigating and asking questions.</p>  |
|  | <p><u>Isla &amp; Lily - Representing Morpurgo</u></p> <p>Isla loves experiments because it helps her understand, observe and learn from results. She likes learning about life and how things work, like the water cycle. Isla thinks science is important because it helps us develop medicines and she can't imagine a world without medicine!</p> <p>Lily loves science and finding out about new things. Her class have been learning about the body and why our hearts beat. They made their hearts beat really fast by running around.</p> |
