

Design Technology

St Joseph's Catholic Primary are pleased to introduce their new DT Ambassador team. Each class has put forward a member of their class who loves DT and wants to encourage that love in others.

The Role of the Design Technology Ambassador

- To share a love of designing, making and evaluating with their class.
- To link with Mrs Ashton, the subject leader
- To think and develop creative ways to promote design and technology across the school.
- To look for creative ways for pupils to have the opportunity to develop their understanding of design and making.
- To give the pupils in their class a voice and help them to share their ideas.

Meet the Team

Frankie – Representing Donaldson

"I am good at building towers."

Leighla-Mae & Aaron Representing Dahl

Leighla-Mae enjoys making different things.

Aaron has a 'making table' at home where he loves to make new things.

Violet & Kaidan -Representing Rowling

Kaidan likes to use different materials to create new and exciting things.

Violet enjoys being creative in DT. She likes to learn about famous designers from the past as well as learning new skills to apply to her work.

Olivia & Harry -Representing Morpurgo

Olivia enjoys building structures and seeing how things work. Olivia made a successful Roman catapult and has experienced using tools.

Harry would like to experience a wider range of tools and equipment in DT. He gets excited when there is a DT lesson and would love to design a new invention.
